Experience

Full Stack Developer at My Edition Company (intern) – March 2018 – September 2018

Design of a web application to register the driving test (theory test) (La Poste).
Optimization of projects in progress (internal application in ReactJS), back-end and front-end side.

Full Stack Developer at CRMCurve (intern) – April 2017 – August 2017

Build an application web SAAS allowing to build and edit an email without having knowledge in HTML code (Javascript / API REST / PHP). I worked alone on this project.

Freelance Web Developer – Since July 2017

I started my own business to help established companies and start-ups building scalable, maintainable and secure web applications.

Top Contributor / Trusted Flaggers Google/YouTube – Since 2016

Volunteer to help people about YouTube & Chrome products (+20 000 answers & +1000 best answers). I'm also the first Trusted Flagger on YouTube (French market), I contribute to the safety and security of the YouTube platform. In addition to that, I created a Chrome extension ([TC's Center](#)) allowing to be more productive in our work.
